Part B for April 46

SUBJECT

Issue of a Circular to all municipalities to provide amenities to depressed classes (Adk and Kolaba)

BEN 7238

L S G BRANCH

MINISTER FOR EDUCATION AND PUBLIC HEALTH

Bangalore 9th Apl. 1946

I find during my tours that the Municipalities have not paid as much attention as they ought to in regard to the improvement of the localities where the Depressed Classes (Adikarnatakas and Scavengers are living. The Municipal sweepers and scavengers particularly deserve the prior attention of the Municipal authorities as they form a very useful class of servants for the ~~upkeep~~ maintenance of the sanitation of the towns. Their habitations are generally located in insanitary surroundings and are devoid of proper drainage, water and light facilities. A suitable circular may be issued to all the Municipalities inviting their attention to this fact and advising them to take early action to provide them with necessary amenities. It is also necessary to see that, when budget estimates of these local bodies are received in the Secretariat, necessary provision has been made for the amenities of this class of people.
